

## Elementary Division Questions

The Challenge Bowl Core Group has decided that for the 2007 MCN Challenge Bowl, the Elementary Division will receive the questions in advance of the event. The Elementary Division subcommittee has prepared the following questions as part of the Elementary Study Guide. The questions are in random order. As the sponsor of your team, we highly encourage you to assist your students in finding the answers and not provide the answers for them. The correct answers from the Challenge Bowl Committee will stand as final due to interpretations that may come from the students. This should eliminate all protest.

The Challenge Bowl Committee has provided these study questions to assist the students in learning the history of the Muscogee Creek Nation. We hope that you as the sponsor promote a friendly and sportsmanship type approach to our Nations rich culture. Remember, that the sportsmanship award is the highest honor your students can achieve. Both sponsors and students will be evaluated for the sportsmanship award.

**Disclaimer: Not all questions listed may be asked and additional question may be asked that are not listed but will remain within the categories in the Elementary Study Guide**

	questions	students answers
